WinEr School ERP : A complete school management software.

Major Benefits for school

Efficiency

Teaching staffs in many of the institutions are spending more time in non teaching jobs than teaching jobs. By using WinER, efficiency of teaching and non teaching staffs can be improved.

Following are few of the tasks in which efficiency can be improved

Teaching tasks	Non Teaching tasks
Generation of mark cards.	Admission management
Promotion List and other consolidated reports	Fee collection and reports
Attendance marking and reports.	TC generation and record maintenance
Student analysis and reporting's	Staff Performance analysis.

Faster Communications

Communication between school, parents and staff can be improved by using SMS mechanism. Circulars can be delivered to teaching staff, non teaching staff and parents in less than a minute.

Following are some other automated SMS communications possible using WinER
- Sending of exam result as SMS.
- Fee Reminders as SMS.
- Fee Bill Confirmation.
- Auto absent notification to parents.

Security

More secure than manual record keeping mechanism. Un authorized users cannot access confidential data. Every actions can be traceable to the exact user.

Better Control and Organized Record keeping

By using WinER, records can be organized effectively and reduce duplicate records. WinER provides better control over the administration process.
